

NEW
FOR 2002

SCRAPPY

We took the popular Shaggy helmet and made it in ABS plastic!

The design features a beefed up interchangeable fitting system and multiple-impact foam liner. The Scrappy can be worn forwards or backwards.

The fitting pads attach via hook and loop to the liner. The Scrappy is a helmet with killer graphics, a killer off the shelf fit, that protects those brain cells.

CE 1385 Standard Certification Pending.

- ⊙ Hard ABS abrasion resistant shell
